LAKE COUNTY GENERAL HEALTH

RACCOON RABIES VACCINATION TO BEGIN AUGUST 27, 2013

The Lake County General Health District will be cooperating with the USDA in the annual oral rabies vaccination (ORV) to immunize raccoons, skunks and other wild meat-eating animals against rabies. The ORV will begin on August 27, 2013 and continue through September 6, 2013 in northeast Ohio. Bait containing wildlife rabies vaccine will be distributed in areas where raccoons and skunks live by airplane in rural areas and by marked vehicle or on foot in populated areas. The vaccine is contained in a 1 by 1 ½ inch "Army green" blister pack with a sweet waxy coating. When the animal bites the blister pack, the vaccine coats the mouth and throat and protects the animal from getting rabies.

Humans and pets cannot get rabies from touching the bait, but dogs may be attracted to the odor of the bait. Be aware of the bait. Be sure to watch your dogs while they are outdoors and keep them on a short leash during the days when baiting is taking place. Although the bait is not harmful to them, they should be prevented from eating it so it is available for the wild animals. If your dog gets the bait, do not risk being bitten by trying to remove it from the dog's mouth. If you find bait, do not touch it with bare hands. If possible, use a glove or plastic bag to toss bait that is not leaking into deeper cover. Wash your hands whenever bait is handled, even if you are using a glove or plastic bag. The Health District is asking that you call us at (440) 350-2543 whenever you or your pet comes into contact with bait for tracking purposes.

Rabies is a viral disease that affects animals and people. The type of rabies associated with raccoons is of particular public health concern because it can affect other wild animals and pets. The virus is found in the saliva of affected animals (most often raccoons, skunks, and bats) and is spread by a bite or scratch. Regular rabies vaccination of pets, as well as avoiding contact with wildlife is the best protection against this deadly virus.

For more information about rabies or the ORV project, please visit www.lcghd.org or www.odh.ohio.gov.

The Village Needs Your Help to Better Understand Flooding Patterns

The village is attempting to collect more data regarding the flooding experiences of the residents. If you have experienced flooding in the past ten years, please complete the form below to the best of your abilities and give it to me or any councilperson, or mail it to 11 E. Shore Blvd to my attention. Please be as specific as possible; the better the data we collect, the better we can help residents solve the problems.

TIMBERLAKE BUDGET MEETING

July 9, 2013

Lisa Stefaniak opened the meeting by thanking Dennis Dicki for his help during the audit and Jane Shaveyco for all her help in the pre-audit in organizing all the records. The audit is complete.

Lisa presented the 2014 temporary budget. She has corrected the 2013 budget which is one of the ordinances that would be past at the council meeting tonight. There were three line items that were incorrect from last year which are now corrected. Once these corrections are approved these corrections will be sent to the Lake County Auditors for updating to complete the audit.

Line items of the budget were discussed and reviewed.

The Mayor asked for a motion to adjourn at 7:20 PM.

Dr. Sharma gave the hall report. Rentals are still coming in up through September of 2014. The plumber has repaired the sink in the woman's restroom. When Mr. Shaveyco returns Dr. Sharma will work with her to update the website. An electrician will be in soon to work on the wiring problems.

Ms. Shaveyco was not present to give her safety report.

Mr. Gasier was not present to give a sewer report. Mayor Cattani commented that Timberlake has 4 out falls. During the storm 3 did okay. The one at the southeast zone that goes into the closed line down Lakeshore that makes its way into Chagrin took a long time to drain. Ciro's Sewer Cleaning will be out to camera the sewers on Shawondassee to see if there is an issue. The best scenario would be if something was collapsed that could be fixed. We will wait for Ciro's Sewer Cleaning report. The Civil Engineers for the county recently got together to review this last storm. They will be accessing the storm sewers in the county and report back to all the communities.

SERVICE

Mr. Stanton reported that as of June 12, 2014 the new law for sign replacement will go into effect. It will cost the village approximately \$3,000.00 to replace all the signs and poles to the state regulations.

TRESS, PARKS AND RECREATION

Mr. Stanton reviewed the summer recreation program. The programs went well. He will review next year's program to see if we need to possibly increase the cost per child to cover the programs expense. One of the possibilities is to possible charge additional monies for the special events (Field Trips). All will be reviewed for next year.

Mr. Stanton met with a company, Industrial Surface Seal to see what type of cost it would take to fix the basketball and tennis courts. The project will span three years in three phases which will cost approximately \$4-5 thousand dollars. By doing this project in stages we will be able to see if each stage will pay off for the Village to continue to the next step.

August 1st, Imperial Tree came out and trimmed all the trees on Keewaydin. They also cleaned up the islands. They will come back to complete the stump grinding. Next year we are looking at doing East Shore.

Davey Tree will be coming to do line trimming the beginning of September according to First Energy.

Mr. Stanton will be putting up a community bulletin board on the front of the Village hall. It will be lit by solar power. Hopefully the project will be done by Thanksgiving. The cost will be about \$600.00.

The mayor asked for a motion to adjourn.

VILLAGE HALL

There was no report given. The Mayor asked Dr. Sharma to take over the duties of the Village Hall.

Mr. Stanton reported on the status of the Village Hall. Gutters will need to be cleaned. The electrical will have to be looked into as every time the air conditioner kicks on there is an overload on the circuit. An electrician has been called to separate the breakers and even the loads. The electrician will also check out the lighting on the flag pole so that the flag will properly stay lit. A motion light also needs to be added by the police department.

Mr. Stanton reported the renting of the hall is going strong. Dates are already being booked through September 2014. Mr. Stanton and Ms. Shaveyco are going to go over all the procedures with Dr. Sharma regarding the Village Hall. They will also be working with Dr. Sharma until she becomes comfortable with the hall workings.

TREES, PARKS, RECREATION

Mr. Stanton stated that August 1st is the date the Imperial Tree will start the trimming of the trees the length of Keewaydin. The tree commission is down one member and are looking for a volunteer to step forward and help. Anybody interested in helping on this committee please give Mr. Stanton a call.

The playground program had 39 children this year and was very successful. Mr. Stanton praised the directors, Courtney and Kyle plus their staff for the job well done. The children got a premier at the cinema to be the first children in Lake County to see Monster University. The feed back from the parents and the children was wonderful.

SEWERS

Mr. Gasier reported that we have had a lot of rain this year. At the top of one of the trunk line between 86 and 84 it looks like there is a break. The ground is starting to sink. A repair was done several years ago in this area. Mr. Gasier has contact Ciro Company to take a look at this problem and make the repair. Mr. Gasier has also given Ciro Company the go ahead to start cleaning the storm sewers on the east end of the Village. This should be completed by the Fall.

SAFETY
