All council members were present along with our Solicitor and Mr. Roskos. The Mayor said there will be a General Health Advisory meeting he will be attending on March 14th, 2016 to go over Lake County's Health Budget for 2016. There is also a primary election coming up on Tuesday, March 15th, 2016. The Ohio Municipal League will have a newly-elected council training for all newly elected council personnel. SERVICE

Service department purchased a new salt chute for the truck which is working well. Currently, Mr. Swartz is looking for quotes for lawn equipment. He has also been thinking about working with juvenile courts to clean up the Village, along with the Boy Scouts. The North Storm Water Training will also be coming up, which the Mayor passed on to Mr. Swartz during the meeting to attend if he chooses to.

SAFETY

Mr. Stanton is working with the Chief to go over the policy manual along with other solutions to cater to the Village's needs. Mr. Stanton spoke to the officers in order to ensure that officers are improving their performance and the way they are representing the Village. More of these changes will be discussed during the Safety meeting after the Council meeting. Mr. Stanton is working with the Chief to be sure that the Police Department is productive, viable, and economical.

Chief Esser answered a question in regards to a shooting of a deer earlier in January. A call came in about a potentially sick deer, which the Timberlake police shot. The officer did not miss with the pistol, but needed to discharge additional bullets to kill the deer. A .22 rifle was used to put the deer down. Currently, the Village owns two shot guns, per the Chief, and no high-powered rifles.

Chief Esser provided the monthly police report, citing 32 citations, 191 house checks, 44 playground checks, and 10 beach checks. There were also 25 reports in the past month. The Chief also attended a state-required LEADS training in the past month through which he received certifications for new roles.

SEWERS

Ms. Parihar reported no complaints and no flood calls for the past month. She also received an Ohio EPA report from the Mayor in the past month that noted the salt that was used in the Village along with other environmental factors including tonnage of leaves, brush, grass, etc. Ms. Parihar plans on registering for a 2016 Storm Water Conference to become more familiarized with her new role. Mr. Stanton informed the council that the shed can only hold about 18 tons of salt, even though it is made to hold 20 tons. Mr. Mayor also informed Ms. Parihar of a potential candidate for doing the snaking in the Village.

TREES AND RECREATION

Dr. Sharma will work with the Holden Arboretum to get trees this Spring. She has been trying to contact Mary Trepal to gain more information about her position. There is also an Urban Forestry Conference coming up in March that Dr. Sharma will attend for further knowledge about her new role.

The Mayor addressed a question on picking up garbage in the Village. The Village had to pay for some homes where the individuals did not pay for the garbage pick-up. The Mayor has a list of the people who did not pay for their garbage, currently approximating to about \$3300. The Mayor stated that the garbage haulers have a contract with the Village which requires the Village to pay the entire balance. He said that currently there are 19 people that are more than one payment behind. He’s concerned that taking individuals to court may be more expensive than the payment itself.

Currently, the Fiscal Officer is putting together a state-required report that is due by Feb. 29th and the Mayor plans on having a Financial Report in March for the Village.

VILLAGE HALL

Ms. Murphy said quite a few people are filling up the calendar with events. She called and repaired the street light along with getting the logs picked-up around the Village.
